plugged - took it out & I hear about
as well as ever but I hope no further
trouble. We sure can be thankful we
didn't have to invade this country.
we were scheduled 0 + 5 hrs. makes one
a little nervous now looking back.
Thank goodness - its over.

I get ashore when I want. Heard of a
Priest (Japanese) educated in Rome - ordained
there in 1926 by Pope Pius XI. I will meet
him. He has a congregation of 300. He had
to go to another city. Wakasama (here) was
levelled to the ground. He told some Chaplain
that one of the Atomic Bombed cities - had
60⁰⁰⁰ Catholics in it & 30⁰⁰⁰ were killed.
I will check ^{this} statement when I meet him.

We are living on the ship not 5 weeks
5 day travel & the rest occupying this
bay. We have daily Mass & Novena services
on Sat.
