

135th. Med. Group APO 74
c/o P.M. San Francisco, Calif.

5 July 1945

Rt. Reverend and dear Monsgr:

Enclosed find my monthly report. Note the change of address. I have been transferred to the 135th. Med. Group, APO 74 . I was transferred because they discovered that I was past 45 summers old and that this was an army of young men and not one of old men, so here I am. I like the work fine. It is still combat ~~stuff~~ but more travel via jeep. Have a number of units which I must visit, say Mass for or arragne that Mass is said for them. Father Lt. Col. Anselm Keefe, A Norbertine Father of De Pere Wisc. is going home on ~~P.D.~~ and I am taking his place.

I heard Father ^{John} Ryan was over here. Went down to the Casual Camp; his bagage was there but he was out for the day so I missed him. He is assigned to one of the Corps jobs ~~around~~ here. Also stopped in on Father Jos. Weber and suprised him. He is fine and had just gotten back from a leave.

Best wishes to the Archbishops and all the priests.

Yours fraternally,

Louis
