Dear Mags Foley,

Just a line - I received the  
stipends. Promotion is still a little ways off  
Still going strong -

Just returned from Chicago on  
emergency - nephew killed at Camp Rosecrans in  
San Diego - Blown to bits in 155 mm gun explosion

I would enjoy this a whole lot more  
if I had more time for myself and did not have  
to cover so much territory

Maybe when we get going I will  
be able to meet some of "our" boys. Hope there is  
no more than what has happened to Albert Hoffman  
I can't help but recall a remark by Matt when  
telling me about his cousin Al. "You know he was  
always a little clumsy on his feet"

Regards & best wishes - Say a prayer  
for us once in a while

Sincerely

Thomas J Conroy
