

...man people into
communism by our inhu-
man, unjust, cruel treat-
ment of them. Our camps
are worse than the Nazis
had, less the gas chambers
and crematoriums. It's
too horrible to write. But
I'll tell you in January
when I expect a 30 day
leave.

I've thought of the Regular
Army but there's no hurry.
It will depend on the Bishop,
too. I do know I must put
in at least another year
over here.

Always glad to get your let-
ters and the news in them.
