

Left Dr Sanner in Hawaii July 26th
Just heard to-day he is aboard a ship
out in the bay -

This is ^a ~~the~~ ^{strange} ~~darndest~~ place - Typhoons - are
frequent about this time of year. We get
word of a typhoon coming and every ship
in the harbor tears out to sea until the
scare is over. Its quite a task getting the
ships loaded and unloaded under such conditions.
MacArthur had to call off the surrender
ceremonies several times on account of these things.

Well, enough scandal - ~~I'm getting a~~
~~little sick of this army.~~ I want to get back to
a point where I can stick my feet on a
deck & to ~~say the heck with~~ ~~Generals, Colonels etc~~
to live a nice peaceful life of a priest. Be sure
and keep your eyes opened for us. We are
all liable to land on you at once - At least
I would enjoy the opportunity

Regards to all
Sincerely

Thomas J Couray
