Dear Monsignor,

You will notice the change in address
That's all it is! — Would like to give you
all the scandal but we are in the war zone
Sorry to hear about McGr Courys illness
again — Yes, I presume Al Hoffman was
somewhere in Europe.

I sort of envy Ryan being able to
run in once in a while. I would not
be surprised to see him up here pretty soon
There are two places that need him right now.

I imagine there are a lot who would
conceded to fill the vacancy at ^{new} Houghton

Give my respects to his Excellency — We
crave his blessing to say the least —

We are getting along very well & in
good health. There are a lot of things
