

Have any of the men applied for  
Regular Navy's Army? And what was  
the answer? I do not I am not interested  
personally - just curious.

The adjustment to civilian life should  
be easy. I have gained 15 pounds since  
arriving in O.S. and tho' still a bit  
nervous feel well in general, can't  
wait for discharge day!

Keepers callin - I can  
imagine the "political" angle of the  
dinner at present.

As ever
