

Regensburg, "July 1846

Dear Mary!

The a beautiful summer we're having, not too hot, and not too chilly. I really prefer it to any climate the experienced in the States.

I see John Reuler joined the "Society" too. We can see them.

The Mutter Cabin is taking shape. We can see more sisters, though, to care for the Canon-

A almost went to the Canon-
ization of Mutter Cabin. I have
four hundred miles to Millhouse
House to be processed for a visit
through Switzland, but the written
address were in improper form,
so I had to return.
My regards to the Archbishop
and my other friends.

As to.
