It was originally a log cabin located on the Edward Specht property in Peru Township Sec. 8 along what is now known as Circle Ridge Road. The log structure burned and was rebuilt of stone on a site on the Elmer Specht property. It operated as a school until ca. 1960 and the stone building was torn down ca 1965. The last two years of the records of the school were given to the Dubuque Community School District's central office.
