Very Reverend and dear Monsgr:

Just a line stating that I am fine and like the work. Lots of activity around the Camp. Getting many father soldiers now. We find this is causing much work for the chaplain. They come to him with their heart aches.

I haven't had time yet to answer the Arch bishop and thank him for the very inspiring letter at Christmas time. I hope to do so when the first break comes. In the meantime give him my personal regards.

One of the Catholic Chaplains, Father Brucker went home on a furlough. So that left the two of us here very busy Sunday and on week days.

With kindest regards ,

*Louis P White*
