

visiting.

As for a visit to Burlington - we may
get it next month or so I hope. Don't let
this keeping detain you - I am very gratified
to have you back in OSA all in one piece and should
feel ashamed of the gripes. My only desire is
to get back to a Roman Callan and a lot of
God's work.

May God bless you each day
of this new year,

Jath. Brady.
