Statement of Monsignor Justin Driscoll:

" In response to the request of clemency in the resolution of the Committee on Discipline, I reduced the indefinite suspensions of the sixteen black students of Loras College, to probation at the College. This period of probation will begin at once and will terminate at the mid-year, 1970.

"This decision was made at 4:00 a.m. It was made with the strong insistence of the representatives of Clarke College and the University of Dubuque, who were present at that time."
