

I missed In Ferrary & even In McDonald  
I know of no others in this area -

I believe I gave you a verbal picture  
of Mowla in my last letter. It has  
not improved in the least. Our great  
problem is to keep out of the way of  
these 'Goons' driving trucks like crazy men.  
After a holy hour last Thursday (I gave it  
by the way) two of our priests in a jeep  
ran into one of these trucks - one was killed  
instantly, the other is not expected to live.

The next day one of the native Monsignors  
was killed at the same corner. All this  
is another reason I want to get out of here

Now is everyone in the Diocese  
Give my regards to all. Ask his  
Excellency for his blessing (We still  
need such)

Sincerely
