The German Priests are very fine to work with. About 400 Catholics - 220 attend Mass regularly. I am interviewing them all and hope to get most of them back. There I have 4 excellent Catholics. They follow the Mass Recitals. They organized a choir. Will have St. Mass from now on. A fine choir director amongst them. A seminarian also helps as my secretary and sermon writer - Werner Buser of Frater Emmanuel Order. Has two minor orders. Desires to stay with the P.W. to help in keeping their faith and morals. I wrote Bishop D'Hara about him. Hitler has done much damage but not as much as I expected. Even Catholics are still loyal to him. Your 4 killing, I believe there is much Propaganda as I talk to them they tell me they had 4 excellent facilities for religious services and had as many Chaplains as we had. There are boys who went into France, Russia, back to Duffin France and then captured in Darnisia. They are young lads in full bloom of life from 19-24 - a few to 32. Very industrious. They built me a liturgical altar. with Tabernacle now a Confessional and are building a chapel. I am afraid it will be to much for me. The hospital alone keeps a Cath. Ch. busy. I work with the P.W. nights. Mass on Sunday and Wednesday P.M. for them attendance good. I bought music - Gregorian, and a crib. will have a real German Allensacht Feast here. But wishes for the Christmas season and for a Happy New Year.

yours obediently
