Dear Mademoiselle,

Many thanks for your recent letter & the enclosed check - both of which were very welcome. The letter was quite a pleasant surprise.

My mother & I move out here & of course I'm still feeling my way around. But fear all appearances - I have a nice set-up. I'm learning to be a very good listener & am cultivating a red-side answer. Incidentally my assistant here is a lad named Miller - tell Dr. Miller if you see him that the word is turned. I was glad to see Dr. Miller making such progress. Please include me in your most intentions & thanks again for the letter.

Yours very truly,  
Dr. J. V. Casey
