Dear noney:-

Around safe and sound after a hair raising trip. No jof trouble. Old man weather went on a rompage. The Pacific was any thing but jofifer-terifier! Was only Chaplain on ship. Lots of soldiers on board. Most of them sick including my self. I am on the Island of Oahu - one of the Hawaiians. Will look around and explore Pearl Harbor, say it, I got to see it when the Al. I. S. ship went down. This ship in dry dock now - will be on H. Sea soon. I got to see the (old) Army Cath. chief shop of C. P. A. Central Pacific area for my assignment to a Division. Will try to gather some facts of the S's from him. Like it for. Conditions primitive. A real let down from - luxurious - way of. No place for softies. May not be found by you if you get fracture it. Best wishes to the archbishop.
